**Provide three words to describe your relationship and why:**

**Holding an international leather title like International Master/slave requires a serious time commitment on the part of the titleholders. Most of us have one or more things in our lives that demand significant amounts of our time. Please identify any circumstances in your lives that demand a significant amount of your time and explain how, if you are chosen International Master/slave, you plan to manage your time so that you can meet your life obligations as well as your obligations to the title.**

sample

**The Owner of the International Master/slave title is pleased to provide our titleholders with a travel fund, the amount of which varies from year to year. However, it is our experience that all international titleholders, including International Master/slave, spend some amount of personal funds during their title year as they travel in support of the title. If you are chosen International Master/slave, how do you plan to manage the additional financial burden that often comes with holding an international title?**
